

## Event information

Have we convinced you? If you have already decided on an event and a date, please register via the new Audi driving experience booking tool. We will then contact you with all further information immediately. Do you still have questions or require additional information?

**You can find answers to the most frequently asked questions here:**

- A maximum of two persons can be registered for participation at the same time via the booking tool.
- Audi will provide the vehicles for the training sessions.
- **The measures and specifications implemented due to the coronavirus must be observed.**
- **Due to the official requirements relating to the coronavirus, we are currently offering our training sessions only for individual drivers. The Audi tour experience can be offered for two people per vehicle only if the two people come from the same household.**
- **The actual driving time for individual drivers remains the same in our training programs.**
- During the events taking place as part of the Audi tour experience, the vehicles are covered by comprehensive insurance with a EUR 1,000 deductible. Please refer to our general terms and conditions for all further regulations.
- An overnight stay with full board as well as fuel and/or the costs for charging electric vehicles are included in the price of Audi tour experience events.
- We would like to point out that we cannot allow accompanying persons who are not active participants in a training session due to the officially permitted total number of participants. Only active participation in the Audi tour experience events is possible.
- You can obtain vouchers via the order form on our website [www.audi.com/driving](http://www.audi.com/driving) under Catalogues/Forms.
- Please note that participants are responsible for organizing their own journey to the event as well as additional overnight stays. We will be happy to provide you with the contact details of corresponding hotels.
- The participants' documents will be sent to you roughly three weeks prior to the training date.
